At least one progress review of the employee's performance against all the elements of the performance plan will take place during the appraisal period, normally at the midpoint. This worksheet will be used to further document this review, and may be filled out prior to and/or during the review with the employee. Use of this form is mandatory, and is meant to facilitate communication concerning performance. The process is intended for employee development and to help the individual. The employee should be made aware that the progress review is meant to provide feedback about his/her performance that may impact the rating of record at the end of the appraisal period. Do not forward the form to the personnel flight. It is filed with the AF Form 971, and a copy given to the employee.

Indicate by use of an "X" the employee's performance at this stage of the appraisal period. Place an "X" at the appropriate place on the arrowed line. Use the space provided for any (optional). Performance items not observed are not rated.

About the ITAOP/savePDF Method

The traditional Field-by-Field creation process is extremely ineffective and slow.

The only realistic option to create high-quality forms is the Insert-Text-Anywhere-on-Page (ITAOP) method.

The field creation process is about 10,000 times faster than the traditional method; the list of ITAOP features is not even available for the traditional method.

ITAOP savePDF method proved to be very simple and completely reliable for millions of users all over the world (incl. individuals, companies, organizations, government employees).
