

ALCOHOL INFLUENCE REPORT

PRIVACY ACT STATEMENT

AUTHORITY: 10 U.S.C. 8013; 44 U.S.C. 3101; and EO 9397, implemented by AFR 125-9. **PRINCIPAL PURPOSES** Used to record information and details of DWI. **ROUTINE USES:** Used to provide information to the appropriate individuals within an organization who ensure that proper legal and administrative action is taken. Information may be disclosed to law enforcement or investigatory authorities for investigation and possible criminal prosecution or civil court action. SSN is used for positive identification of the individual and records. Information extracted from this form may be used in traffic surveys to determine what corrective action is required at problem locations. **DISCLOSURE IS MANDATORY:** Failure to disclose the information and SSN may result in suspension or cancellation of an individual's on-base driving privileges, and may subject the individual to other administrative or disciplinary action by military or civilian authorities.

About the ITAOP/savePDF Method

The traditional Field-by-Field creation process is extremely ineffective and slow.

The only realistic option to create high-quality forms is the Insert-Text-Anywhere-on-Page (ITAOP) method.

The field creation process is about 10,000 times faster than the traditional method; the list of ITAOP features is not even available for the traditional method.

ITAOP savePDF method proved to be very simple and completely reliable for millions of users all over the world (incl. individuals, companies, organizations, government employees).
