The period of the exchange is 2 to 4 weeks. This instruction amplifies guidance in references (a) and (b) to provide procedures for the administration and coordination of the exchange program. Those references shall take precedence should any guidance conflict with this instruction.

3. Responsibilities

a. The Chief of Naval Operations (CNO) (N095) serves as Reserve Officers Foreign Exchange Program Administrator to ensure:

(1) Liaison between the Office of the Assistant Secretary of Defense for Reserve Affairs (OASD(RA)) and the Commander, Naval Reserve Force (COMNAVRESFOR), to provide nomination criteria, timelines, and other information as necessary, including:

(a) Forwarded to ASN (M&RA) the applications of USNR candidates nominated by COMNAVRESFOR for exchange duty. Per references (a) and (b), ASN(M&RA) will screen nominations and provide names of selectees to the Assistant Secretary of Defense (Reserve Affairs) (ASD(RA)).

If USN commands are used, CNO (N095) will provide the coordination.

(e) Provide security clearances, position descriptions (PDs) and detailed itineraries for United Kingdom (UK), Federal Republic of Germany (FRG) and other foreign Exchange Officers to Navy International Programs Office (Navy IPO) not later than 30 days prior to the arrival of foreign participants to the U.S.

serving as an informed representative of the U.S. Naval Reserve. Fluency in the language of the host country is desirable but not required unless stipulated under the terms of specific agreements. COMNAVRESFOR may issue additional selection criteria as necessary.

(5) Rank in order of preference for nomination the candidates selected by the selection board and forward their names and personal biographies to CNO (N095).

(6) Upon approval by OASD(RA), COMNAVRESFOR will publish the names of Naval Reserve selectees via appropriate means.

(7) Provide ADT orders and coordinate travel arrangements (including appropriate country clearances) for USNR selectees.

(8) Provide Invitational Travel Orders for foreign officers, including transportation arrangements as agreed upon in the respective MOUs.

(9) Task Commander, Naval Surface Reserve Force (COMNAVSURFRESFOR) and Commander, Naval Air Reserve Force (COMNAVAIRESFOR) to identify host commands for Reserve exchange officers being hosted by the U.S.

(10) Ensure USNR host commands develop detailed PDs and complete itineraries for the visiting foreign officer in order to secure authorization for foreign access to classified information and Department of the Navy facilities. Provide PDs, itineraries, security clearances and biographies of each foreign officer to Navy IPO not later than 30 days prior to the arrival of the officer. A sample PD is provided at enclosure (1).

c. COMNAVAIRESFOR and COMNAVSURFRESFOR will:

(1) Identify appropriate host commands for foreign exchange officers based on information and guidance provided by COMNAVRESFOR.

(2) Ensure host commands identify relevant, tailored training itineraries for each exchange officer. Host commands must also provide itineraries and detailed PDs (per reference (b)) to COMNAVRESFOR which identify systems, components and documents to which the foreign officers will need access.

(3) Coordinate with host sites and other appropriate commands to arrange training schedules for incoming exchange officers. Emphasis should be given to assigning foreign officers to Reserve-related activities when possible. To avoid communications and logistics problems individuals should be assigned through an Air Wing or Group Staff for further assignment to a specific squadron or ship.

(4) Ensure host commands comply with security regulations governing training of foreign nationals as outlined in reference (c).

d. **USN Activities.** When Reserve platforms are not available, CNO (N095) will coordinate with appropriate USN activities to identify a USN host site. The USN activities will:

(1) Identify suitable host commands for foreign officers.

(2) Identify relevant, tailored training itineraries for each exchange officer. Host commands must also provide detailed itineraries and PDs (enclosure (1)) to CNO (N095) which identify systems, components and documents to which the foreign officers will need access.

4. Application Procedures for USNR Participants

a. Individuals must send a letter request via their administrative chain of command to the President of the Reserve Officers' Foreign Exchange Program Selection Board. A sample letter is provided at enclosure (2).

b. Letters of application should provide:

(1) Explanation of the individual's qualifications for participation in the Reserve Officers' Foreign Exchange Program.

(2) Country preference. Country preference based on the countries identified in the yearly COMNAVRESFOR message announcing the program.

(3) Personal history, including educational background and military career highlights. Since the personal history will be provided directly to the host country, it is imperative the information be complete and written in non-technical language to avoid misunderstandings in translation; minimize use of

acronyms. The biography should be typed rather than handwritten. See enclosure (2) for an example.

(4) Current official, full-length photograph (khaki uniform) (NAVPERS 1070/10) (Rev. 3-93).

(5) ADT application (NAVRES 1571/15) (Rev. 2-93) with unit and personal information completed. Leave dates blank. Members will report to CNO (N095) for further assignment if selected. Details will be provided to selectees after notification.

(6) COMNAVRESFOR will enter the application in Reserve Financial Management System (RESFMS) after OASD(RA) has approved the list of selectees.

(7) The first endorsement should specifically comment on the member's unique qualifications to serve as a representative of the U.S. Naval Reserve, and must certify the member's security clearance information and ensure physical readiness test/body fat standards are met.

5. Selection Criteria. Selection for the program is based on the needs of the host country and the qualifications of the individual applicants. USNR officers in the grades of Lieutenant (03) through Commander (05) are eligible for the program. Fewer than 10 USNR officers will be selected each year, therefore, previous participants will not be considered.

6. Schedule of Events. Enclosure (3) provides a program outline with a timeline of events.
